THIS IS MY TESTIMONY ...

BUT WHAT WILL I WRITE?

Types of Testimonies

Salvation – First encounters with faith and the moment everything changed.

Healing and miracles – Physical, emotional and spiritual restoration.

Deliverance – Freedom from addiction, fear, and past bondage.

Relationships – Marriages restored, families reunited, new community found.

Provision – Supernatural financial breakthrough and God's faithfulness in lack.

Purpose and Calling – Discovering God-given identity, gifts and ministry.

NO STORY IS TOO SMALL—EVERY TESTIMONY DECLARES THAT GOD IS STILL MOVING.

Writing Prompts

Here are six thought-provoking questions designed to guide your reflections and write your testimony:

1. **The Turning Point:** Was there a specific moment, crisis, or season in your life where God became real to you personally, rather than just a concept or tradition? What changed after that experience?
2. **God in the Everyday:** How have you seen God's presence, guidance, or provision show up in your daily life, routines, or unexpected small moments?
3. **Overcoming Hardship:** Looking back at a difficult trial, loss, or season of doubt, how did your faith help you navigate it, and where did you feel God's comfort or strength?
4. **Growth and Transformation:** In what ways has your character, perspective, or relationship with others changed since walking with Christ? What is an attitude or habit He has helped you reshape?
5. **Community and Church Family:** How has being part of this church community impacted your spiritual journey or supported you when you needed it most?
6. **Hope for the Future:** What is one truth about God's character that gives you peace for the future, and what encouragement would you pass along to someone reading your story today?
